

Letter of Agreement - Fundraising for Clean Up Australia

Dear Business Supporter,

Thank you for your willingness to conduct a fundraising activity on behalf of Clean Up Australia. The funds that you and your organisation collect enable us to continue inspiring and working with communities to clean up, fix up and conserve the environment.

Clean Up is reliant on the support of the community and business to help fund our activities. Your support goes directly towards delivery of our campaigns and projects under the banners of Waste, Clean Water and Climate Change.

Clean Up's initiatives are aimed at addressing local environmental problems through practical actions that help people to make a simple and effective contribution to the health of our environment.

To comply with state fundraising regulations to fundraise on behalf of Clean Up Australia, we need your organisation to agree to and abide by the terms set out on the back of this page.

Please complete and sign this form and fax to **02 9552 4468**, or post it to:
